Dear Mr. Mechau: It is time for the Fellowship Division of the Rosenwald Fund to begin thinking of the exhibits which will be submitted by our candidates in fine arts. I have taken up the matter of judging with Mr. Hoo, and he assures me that we may again count on you. If you, Mr. Mangravite, and Mr. Maldarelli can find time to help judge our exhibits, the next step will be the arrangement of a date.

We should like to have the Art Jury decide on our candidates, if at all possible, before the first meeting of our Committee on Fellowships, which will be held March 21 and 22. I wonder if you could meet on Tuesday or Thursday, March 10 or 12. If these dates are not convenient, will you please suggest others during the week of March 9 which would be possible? As in the past, the exhibits will be set up at the Budworth Galleries.

As you know, we have greatly appreciated your assistance in other years. I am looking forward with great pleasure to the opportunity of meeting you this winter.

Sincerely yours,

WILLIAM C. HAYGOOD
