SCHOLARSHIP

Dear Mrs. Haygood:

Miss Madeline Gloria Finn, who is applying to you for a labor scholarship, in my opinion would make an excellent choice for one of your scholarships.

Miss Finn has all of the qualities, I believe, to make a definite contribution to the labor movement. She impressed quite a few people at our regular summer school institute in Madison, Wisconsin, this year where she attended the two week Institute of our International as a student from St. Louis.

Fraternally yours,

Lou Berra
