

## Philosophy

I had this man at the top  
 last year - and I do so  
 again. I am not in favor of  
 helping him at Yale (his father  
 can surely carry him there)  
 But I should be willing to make  
 a grant this year with the  
 understanding that it was to  
 apply if & when he started his  
 European work - or used him  
 over again for 1939 consideration.
