Mr. George M. Reynolds
Director of Fellowships
Julius Rosenwald Fund.

Dear Mr. Reynolds,

I should like to inquire if my application for a fellowship to do post-graduate work in Surgery is in good order.

This application was submitted July 18, 1939.

In my last letter of October 12, 1939 to Dr. M.O. Bousfield, I stated that arrangements had been completed for me to continue my studies at Freedmen's Hospital and Howard University, and that I can begin work as soon as financial arrangements are made.

I have completed three years training as an resident in Surgery, and am hoping to receive this two years to enable me to qualify for the American Board of Surgery.

If things are not in order, or if a formal blank is necessary, will you forward same.

Respectfully yours,

Floarda Hughes Howard
