

STEPHAN PENCHEFF SASHOFF

Associate Professor of Electrical Engineering
University of Florida

Physics

Over age

Born in Bulgaria

Did his College & graduate work
at Purdue & Pittsburgh

Didn't see the South (so far as the
recruiting goes) until he went to
Orlando / Florida in 1932

There are limits to what a Southern
His work is doubtless valuable, but
it should be carried out as a part
of the joint research of U. of Fla.

Not a fellowship, but a grant in aid to
enable him to carry his regular research
at his university
