

Candidate Carl McClellan Hill

Special Field

Science Teacher, Hampton Institute,
Hampton, Virginia

Chemistry

Plan of Work

1. To pursue the last required course in chemistry. 2. To complete the research activities, and to publish the work on the problem I started in 1934-35 and continued during 1937-38. 3. To start, complete, and publish my research on the problem which has been suggested to me by the chairman of my special committee, Dr. John R. Johnson. 4. To pass final examination for Ph.D. degree.

Seeks Ph.D. at Cornell University. Has been admitted. Nine months. Can return to present position.

Digest of Application

Born July, 1907, Norfolk, Virginia. Married.

B. S. Hampton Institute, 1931. M. S. Cornell University, 1935. Cornell University, 1937-38. University of Pennsylvania, summer of 1938, special course in analytical chemistry.

General Education Board Fellowship, 1934-35, \$1035. Rosenwald Fund Fellowship, 1937-38, \$1500.

Assistant professor, Hampton Institute, 1931-34, 1935-37, 1938, \$1350; assistant scout executive, Boy Scouts of America, New York City, 1938 - \$300.

Publications: "Possibilities of the Virginia Curriculum in Chemistry," Virginia Teachers Bulletin, May 1937; "How Can Physics, Chemistry, and Biology Be Integrated in the Unit: Changes in Matter," Virginia Teachers Bulletin, March 1938.
