

Negro Physicians
(comes)

October 20, 1939

Dear Doctor Campbell: I am sorry that I have had to make some temporary arrangements at Tuskegee and that therefore the position has been filled for the time being. This may be a matter of thirty to ninety days. If at the end of that period the present incumbent is not satisfactory, undoubtedly we will make a change.

If you are returning to Chicago in the meantime to enter the practice of medicine, I should like very much to offer you one of the positions as field medical examiner for the Supreme Liberty Life Insurance Company. The remuneration for this work is not large but it gives an excellent opportunity to get into the home, make a good physical examination, and get acquainted with people who have money to pay doctor's bills.

Come see me when you are in the city.

Sincerely yours,

M. O. BOUSFIELD
