

JASPER BERRY SHANNON

Associate Professor of Political Science
University of Kentucky

Political Science

Excellent record including Ph. D. at
Lyonesein (in high rank) and
some study at Harvard Law School

Top letters

one of the top men of the field
in his field

A little over age - but still young
enough to go on to enable him
to add some field experience to
his academic work

He is asking for a lot of money (\$2,500)
Maybe U / Ky would give him course or
half salary or something of the sort so that
a grant from us / 1500 or 1800 would
carry him through
