

VIRGIL ALFRED CLIFT

Instructor in Education, French and English
Rust College, Holly Springs, Mississippi

Education

This chap has a fine record and
he is still very young
Shannon of Indiana State Teachers College
says "surpassed all white graduate
students of his year" -
In his year of receipt of master's degree
he had 8 As + 4 Bs - a scholarship index
of 92 "which is one of the highest ratings any of
our students attain"

Rust, of course, is no good - but he might
go to a better place after his ^{further} graduate study.
His project seems to me tripe. If
he is as good as his record indicates
it might be worth while to see if he would
to tackle some real subject.
Or maybe Horace or Max Bond would like to take him for a year
and maybe pass him up to us a year later.
