August 7, 1939

Dear Doctor Howard: Your letter of August 2  
addressed to Mr. Embree  
has also been referred to me. Let me know  
where you would pursue your surgical work -  
granted that a stipend could be obtained. I  
feel that your case deserves to go before the  
committee even though the chances of assistance  
are exceedingly slim.

Very truly yours,

M. O. BOUSFIELD
