*12 a 12*

Mr. George M. Reynolds  
4901 Ellis Avenue  
Chicago, Illinois

My dear Mr. Reynolds,

I am writing to recommend to you

Dr. Floarda Howard who has applied for a scholarship from the Rosenwald Fund. As I understand it, it is necessary for Dr. Howard to have two more years of surgical training in order to qualify for the American Board of Surgery, and he will require financial aid during this period. Dr. Howard has had excellent training, is intelligent and very ambitious and I believe will be a credit to the colored race. His wife, who also is a physician, has had some training under my direction and has conducted a colored clinic, of which I am Medical Director, most creditably. She and her family have been among the leaders in the negro community of Baltimore for some years.

Very sincerely yours,

*Bessie L. Moses*
