

SCHOLARSHIP AID

1944

Name Betty Ann Johnson

Negro
White Southerner

Position Student

Special Field **Sociology**
Group

College Vanderbilt University

University

Plan of Work:

I am interested in the adjustments of minority groups in American culture and more particularly of the Negro group. I want to get the necessary backgrounds in sociology, anthropology, and social psychology to study the patterns of bi-racial organization and especially the techniques developing in various areas of social life in the United States by which new Negro-white relations are evolving.

(Columbia University)

Action of Fellowship Committee:
