Dr. M.O. Bousfield
Julius Rosenwald Fund
4901 Ellis Ave.
Chicago, Ill.

Dear Doctor Bousfield.,

I was indeed pleased to receive your letter stating my appointment to the work in Tuskegee. I shall do everything to better the health conditions of the people that I will serve.

Dean Drinker believes that it is a rare opportunity and he is expecting me to do good work.

I have been in constant touch with Dr. Nelson of the Massachusetts State Department of Health. He told me of the work done in venereal disease control by the Rosenwald Fund in Tennessee. If possible, I would appreciate a copy of that report.

Your instructions will be carried out. On my way down to Tuskegee I will stop in Washington and see Dr. Waller of the United States Public Health Service.

Dr. Nelson has made the records of his office available to me, and I am studying his system of recording cases.

Thanking you for the opportunity that you have given me I am

Very truly yours,

William B. Perry
William B. Perry, M.D.
