Dear Miss Carney:

Answering your letter of June 20 with reference to applications for construction not yet completed, permit me to suggest that you cancel application No. 13 for Forest School in Jefferson County. We will ask for the extension of application No. 16 for Knox County School in Knox County, application 17 for Nicholasville School in Jessamine County, application No. 19 for Central School in Christian County, and application No. 20 for Drakesboro School in Muhlenberg County.

We are asking that these applications be extended or renewed as of 1930-31, and I am to make inspection of shop at Richmond in Madison County, our application No. 18, on the twenty-seventh instant, and will plan upon reporting that to you before the close of the present school year. The applications for which we ask renewal for 1930-31 are then as follows:

No. 16	Knox County	Knox County School,	
		6 teacher	\$2,600
No. 17	Jessamine Co.	Nicholasville School,	
		6 teacher	3,900
No. 19			
(or is it	Christian Co.	Central School,	
No. 20?)		9 teacher	4,500
No. 20			
(or is it)	Muhlenberg Co.	Drakesboro School,	
No. 19?)		7 teacher	3,350

My records show the Christian County School as No. 20 and the Muhlenberg County school as No. 19. Your letter has the reverse order for those two.

Yours truly,

Dear Sir:

This answers your letter of August 22, with which you returned our audit report in duplicate. All library items on which you had advanced aid prior to June 30 have now been settled for in full, and the report is corrected to cover the I-budget in construction and libraries, whose collections and disbursements were not then complete. It is now being returned to you in duplicate with what I trust will be found the desired corrections.

Thank you for your patience with me.

In addition to the above allotments, lump sum appropriations have been made by the Fund for (1) school-houses from seven-teacher to twelve-teacher types and (2) teachers' homes, specific allocations to be made to states by approved applications, after a careful study of each individual project.

The Fund will also consider giving, for the year 1930-31, one and one-half times the regular allotment to the first Rosenwald school constructed in any county having 10% or more Negro population. There are now 101 such counties in the South with Negro populations ranging from 10% to 72%, which have not built a single school by aid of the Fund. This special offer is made with the hope of stimulating a large number of these counties to erect schools of three-teacher type or larger the current year.

The attached plan for distribution of aid shows for the year 1930-31 the schedule of allotments for all types of construction and some general requirements.
