## ULLMONT LENHARDT JAMES

Assistant superintendent of education,  
Charlotte Amalie  
St. Thomas, Virgin Islands

Mathematics

Clearly a first rate man  
not a math genius, but unusual  
scholar & teacher. Unfortunately  
no testimony except from the  
single univ. - Howard where he  
did both college & univ work.  
In spite of "possibility" of a University  
of the West Indies, I would  
regard his citizenship in Virgin Islands  
as drawback, rather than asset, for  
our award. He wants to start  
on a course that will take at best  
three years, we can't well carry  
him that long.
