Dear Dr. Bousfield:

I was very pleasantly surprised when I received a letter from you as one of the Directors of the Julius Rosenwald Fund. I feel now that I am making an application to one of my friends. In your letter which I received this morning, you spoke of the opportunities in New York City. You said that I would not be justified in asking for a fellowship, because of these so called many opportunities in New York City. I want to remind you of the banquet which I attended in your honor, at that time we discussed the New York situation, and I am sure you will realize that opportunities here are lacking for future study.

I am sure that you are aware of my preparation. I was also equally sure that you realize the sacrifices I have made to prepare myself for the work I have done and intend to do.

I am going to fill out your application in a few days but I desire to have you read this letter at your business office, rather than the office of the Rosenwald Fund's office.

Sincerely yours,

*MERoss*  
Dr. Marshall E. Ross
