

Candidate **Booker T. Griffith** ✓
 Head, Department of Biology
 Clark University, Atlanta, Georgia

Special Field **Biology**

Plan of Work

My plan is to go back to the University of Pittsburgh and complete the work for the Ph. D. degree. My special work is in the field of Animal Cytology. This work was started at the University of Pittsburgh last year. I should like to go back and complete it as soon as possible.

Duration of study one year, to begin June, 1938. Has been admitted to institution. Will return to present position.

Digest of Application

Born April, 1902, Prentiss, Mississippi. Married, two children.

B. S. from University of Pittsburgh, 1928. M. S. from University of Pittsburgh, 1929.

Experiences: New Orleans University, instructor, 1928-35, \$1,600. Clark University, instructor, 1935 to present, \$1,200.

Research: Animal Cytology; Seasonal Variations in the Gonads of the English Sparrow (*Passer domesticus*).

Applied JRF, 1937.
