Director for Rural Education
M. O. Bousfield, M.D.
Director for Negro Health
George M. Reynolds
Director for Fellowships

Dear Mr. Hill: We are preparing a full report for our trustees on persons who have held fellowships, and would like to have up-to-date information. It will be of great service to us if you will give the information called for below, and return the sheet to us at once. In addition to these bare facts we should be glad to know of anything of interest that has happened to you or that you have accomplished during the tenure of your fellowship. Our trustees have a continuing interest in the Fellows and we like to keep them informed.

GMR:MLU

Very truly yours,
George M. Reynolds

Mr. Carl M. Hill
~~Hampton Institute~~
Hampton, Virginia

Present address: Hampton Institute, Hampton, Virginia

Institutional connection: Teacher

Rank or title: Assistant Professor of Chemistry

Has there been any further change in your rank, position, or salary since the completion of your fellowship? If so, please indicate.

I have been promoted to the position of Assistant Professor of Chemistry in the College Division. This change in rank was recognized by an increase in salary.
Present status of work toward degree:

I have completed all requirements for PhD. degree in chemistry, except completion of research work on thesis problem. (See attached sheet.)
Publications since you were awarded the fellowship. Please state publisher.

'Integration of Chemistry, Biology, and Physics'
Virginia State Teachers' Bulletin----1938

Additional information:

As evident from information above, I have yet to complete my research work in order to write my thesis. This will require an additional year of research. However, due to financial conditions, I have not found it possible to take this time off for study. In view of this fact, I am asking you to accept kindly my request for a renewal of my application for a grant to do research work at Cornell University during the school year of 1940-41. All your efforts in my interest will be greatly appreciated.

Carl M. Hill

Present status of work toward degree: (Continued)

I have

1. Completed all course-work requirements for PhD. degree in chemistry,
2. Passed both French and German reading examinations,
3. Completed residence requirement, except one semester,
4. Passed all subject-field comprehensive qualifying examinations, and
5. In short, I have completed all requirements for my degree, except completion of research work. This will demand about one year of research activities.

Carl M. Hill
