~~SCHOLARSHIP~~

December 16, 1935

Dear Miss Purdie: Your letter of December 11th, addressed to Mr. Edwin R. Embree, has come to me for reply. Funds for scholarships are exceedingly limited here, and for such work as that for which you are making application, there is none.

Whenever an applicant has held a key position in a teaching institution, we have always tried to wangle sufficient money to give help in meritorious cases.

Without making a final answer to your application, please let me know what you are doing today.

Very truly yours,

MOB:RH

M. O. Bousfield, M. D.
