Dear Mr. Pope: We are preparing a full report for the trustees on persons who have held fellowships and would like to have up-to-date information. It will be of great service to us if you will give the information called for below, and return the sheet to us at once. In addition to these bare facts we should be glad to know of anything interesting that has happened to you, or that you have accomplished since your return to your work. The trustees have a continuing interest in the Fellows and we like to keep them informed.

Very truly yours,
George M. Reynolds

Present position:

Assistant Managing Editor

Has there been any change in your rank, position, or salary since you were awarded the fellowship? If so, please indicate.

Two salary increases

Additional information: My six months abroad has become of the greatest value to me since the war started. Editorial interpretation of diplomatic and military moves is greatly aided by a knowledge of the geography involved, an understanding of the people, especially the British, and a familiarity with the cities. I am very sorry the background gained under the Fellowship has to be put to this use, but without it I would much more in the dark about the complex interplay of issues and personalities.
