AIRMAIL

March 22, 1946

Dear Mrs. Mechau: In preparing the list of fellow-  
ship candidates in painting this  
year, all of us at the Fund have been acutely conscious  
of how much of our success in this field and how much  
of the superiority of this year's panel of applicants  
are owing to the concern and effort Frank put into  
recruiting younger artists and encouraging them to make  
applications for grants.

We shall miss Frank's energy and  
sensitivity more than we care to realize. As an inadequate  
token of our gratitude for his past services, I am  
sending you the honorarium which he would have normally  
received.

Sincerely,  
WILLIAM C. HAYGOOD
