WILLIAM ALEXANDER MITCHELL

Recently discharged veteran- wishes to resume work at Princeton which was interrupted by war.

Political Science

Very good youngster with fine record and fine testimony. Its a question as to whether "taking of fish & game" or the field of conservation in general is just our cherry.

I'd base my decision on whether this subject is really central to our purpose

WILLIAM ALEXANDER MITCHELL

(25)

Instructor in the Department of Politics  
Princeton University

Political Science

I doubt if 'admin practices in fish &  
game regulation' is a problem  
exclusive to the South

Excellent record and very  
strong letters

Unmarried & 25; isn't the draft  
sure to get him? -
