Dear Mr. Mechau:

I have your letter of December 5th addressed to Professor C. R. Morey and enclosing information on the Julius Rosenwald fellowships. Professor Morey is now on leave of absence and, inasmuch as he is due to retire at the end of this year, I am now Chairman of the Department of Art and Archaeology.

I can assure you that we are very interested in having this information about the Julius Rosenwald fellowships. Just at the present moment, however, so many of our most promising men are still in the armed forces that I am not prepared to make any recommendations. I will see that this notice of your fellowships is brought to the attention of our most promising students when they return to us.

Thanking you for having brought this matter to our attention, I am

Sincerely yours,
