~~SCHOLARSHIP~~

July 8, 1937

Dear Dr. Peyton: My congratulations. I am happy that you have, instead of taking the bull by the horn, taken a ship for Paris. Perhaps you have taken the bull by the horn too. If you have, I am happy that you are going to turn him loose and try some further use of your postgraduate training. I am enclosing a list of hospitals and superintendents as requested in your letter.

Very truly yours,

M. O. BOUSFIELD
