

Name Weir, Charles Edward (M) (1911)

1937  
1938 1939E  
Negro   
White Southerner

Position Assistant in Chemistry, Howard University

Special Field Chemistry  
Group

College University of Chicago, B. S. 1932

University Howard University, M.S. 1934.

Plan of Work:

It is my desire to study quantum mechanics and chemistry at the California Institute of Technology, and to apply to the field of pure chemistry the principles which have been developed in quantum mechanics. I am working toward the Ph. D. degree, and would like to study under Drs. Linus Pauling and R. A. Millikan.

Action of Fellowship Committee:

Granted \$1,500 for one year of study at California Institute of Technology.  
Renewed for 1938, \$1,300  
Granted \$300 for summer of 1939.

Held three half-year tuition scholarships at the University of Chicago,  
and two fellowships for a full year period at Howard University.

*work delayed by illness will try to qualify for Ph D candidacy  
by taking examinations in fall of 1939-*

*32 West Claremont Street  
Pasadena, California*
