

1939

Associate Professor Political Science
University of Alabama

Public law

Slightly over age

Good (not quite distinguished) scholastic

record - adm. of justice in the South
Party said to have only an A

Had to be of he is interested

chief in a project or in using

that to get a Ph.D. - The

doctorate will require more than
one more year of study, I imagine.

He gives us no references to people
at Wisconsin where he took his

Ph.D. and where he wants to take
his Ph.D.
