My dear Gus: Thanks for yours of the 22nd.
I am just a little proud that
my own suspicions regarding the possibilities
of Dr. Easterling's project are confirmed by
your letter. I am enclosing a copy of the
letter which I had addressed to Dr. West. I am
quite sure that Howard would be entirely out of
the question, and Dr. Easterling would be a
year getting together a sufficient amount of
material to even begin her work. I am afraid
the reply will have to be unfavorable.

With kindest regards, I am

Very truly yours,
