

Fellowships
Comm.

April 5, 1948

Dear Mr. Taylor: Your fine report on the singers came last Friday when I was out of the office to attend the meeting of the jury on painting and sculpture. It gave me a glow to read what you said about our friend, Mr. Smith. If the Committee makes the award at its final meeting, I know of no one who would put it to better use.

For your information I am enclosing a copy of the letter to Mr. Schuman. The check for the expenses and honorarium is also enclosed.

I deeply regret that this marks the end of our annual calling on you for help. These auditions have been a real experience for me and working with you was a great pleasure.

With many thanks for your interest and all good wishes,

Sincerely yours,

H.R.
