Copies of the detailed plan for distribution of aid will be mailed within a few days.

Beginning July 1, 1927 the Fund agrees to give aid for shops on condition that (a) the building be erected according to plans and specifications furnished or approved by the Fund, (b) an ample supply of tools be purchased, and (c) a trained teacher be provided to take charge of the work.

On behalf of the Trustees of the Fund I wish to thank you and your staff for the cordial cooperation of the work in your State. We shall appreciate having any suggestions from time to time which you feel will be helpful in securing the greatest benefits with the amount of money available.

Sincerely yours,

Supt. Port E. Lee

The number of one-teacher schools is the maximum on which the Fund will give aid the next budget year, and the number of two-teacher schools cannot be exceeded without special authorization by the officers of the Fund. In keeping with modern trends of education the Fund desires to concentrate more and more in the larger consolidated schools.

In order to stimulate the construction of more permanent buildings the Fund has increased its allotment \$50.00 per classroom for brick veneer, solid brick, or satisfactory concrete construction, as shown above in the last column, the maximum for a ten-teacher or larger being \$2,600. We now have a complete set of plans worked out in detail for brick veneer construction from a three-teacher to a ten-teacher type, which will be furnished the State Department as needed.

For the present budget year the Fund is giving aid on two types of shops - a one-room (\$200) and a two-room (\$400). Because of urgent demands from some of the states it was thought best to increase this

this aid for 1928-29 to \$600. for a three-room shop to include facilities for home economics in the larger vocational schools. Plans for a three-room shop have been worked out in tentative form and will be adjusted to suit the needs of the schools to be served.

As the average term of the schools on which the Fund is giving aid the present year is more than six months, it has been decided to increase the minimum requirement for next year from five months to six months.

Please let me take this opportunity in behalf of the officers and Trustees of the Fund to thank you and your staff for your hearty cooperation and to assure you of our interest in every phase of progress in the education system of your State. When we can serve you, command us.

Supt. M. L. Duggan,  
State Department of Education,  
Atlanta, Georgia

Sincerely yours,

cc to Mr. Walter B. Hill

Dear Supt. Duggan:

After the announcement of the budget on May 3, 1928, which includes an additional allowance of \$50. per classroom for permanent construction of rural schoolhouses, it was brought to the attention of the officers of the Fund that this same consideration should be given on shops and teachers' homes since they are an important part of the school plant. The Fund has, therefore, approved the following additional allowance for the year 1928-29:

Shops and Domestic Science Buildings

| Type   | A   | B  | C                                      |

| 7-rooms | 900.   | 175.   | 1075.  |

We have plans drawn up for brick veneer construction of schoolhouses and will have plans for permanent shops and teachers' homes soon. We shall be glad to see a large number of brick buildings erected next year.

Mr. S. L. Smith  
The Rosenwald Fund  
Chamber of Commerce Building  
Nashville, Tennessee

Dear Mr. Smith:

I am sending you our application for 1929-30 budget which we have made very conservative because of the unfortunate financial situation which is facing us at present. Since we have failed to use our present budget we feel that the amount shown represents all that we should ask for. I have not made any application for term extension or for transportation of pupils.

Under present conditions it would be almost impossible for us to get any county to go into this term extension. There is a disposition on the part of the counties to maintain the schools seven months where the attendance will justify such a term, but the condition of \$50.00 a month salary would prevent the counties that need this money from taking up the proposition. In some of our schools where we have teachers paid \$1,200.00 a year there are other teachers who get only \$40.00 a month.

It is impossible for us to take up in a serious way the question of transportation of pupils.

It seems that the balance of our present budget not covered by applications will have to revert. If you could give us until April 1st to file applications I believe that I could get some more of this money taken up on schools that will actually be built between now and June 1st. I lost a good deal of time in February on account of being sick.

Sincerely yours,

*Walter B. Hill*

The Board of Trustees of the Julius Rosenwald Fund on May 11, 1929, made generous appropriations for various aspects of rural Negro schools in the South to be spent between July 1, 1929, and June 30, 1930. You will find below allotments by budgets for Georgia, and on separate sheets attached details governing the expenditure of each:

We are announcing at this time the action of the Fund to discontinue aid for construction of one-teacher schools after July 1, 1930, at which time the schedule of allotments will likely be revised with a view to giving greater emphasis to the construction of larger types, and also to encouraging the consolidation of schools.

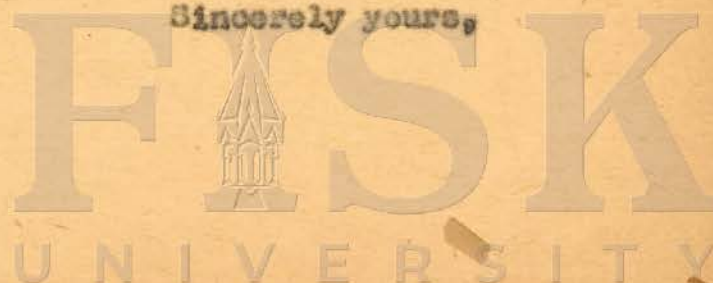

Please let me take this opportunity to thank you on behalf of the Officers and Trustees of the Fund for the fine cooperation given us by you and your staff.

Dear Mrs. Harris: I did have some communications with Mrs. James Swift of Middleton, Georgia relative to aid in building a Negro school and, as I recall, it was referred to Mr. Walter B. Hill, State Agent, Atlanta, Georgia. I am taking the matter up at this time with Mr. Hill with the hope that he will get in touch with you or Mrs. Swift. It would be most interesting to build a school near the home of Mr. Roland Hayes. Why not have them call it the Roland B. Hayes school?

I can see no reason why the Fund should not cooperate, but this matter is left in the hands of Mr. Hill who has charge of placing the schools on which aid is given in Georgia.

With very best wishes, I am

Yours sincerely,
