

EARL RICHARD MOSES

(38)

1939

Professor of Sociology, Morgan College

Sociology

A bit over age  
cum laude graduate at Berlin  
good but not ecstatic  
letter from Burgess's

Because of age (and lack of  
compensating evidence of top  
promise) I am against him  
but to keep him in active list  
rate him

EARL RICHARD MOSES

Professor of Sociology  
Morgan College

Sociology

One year older than last year  
(when I voted him A- and committee  
banned him down) no evidence  
that he is any better candidate  
this year

[a very snooty letter from Sims  
of Aberdeen saying we are evidently  
prejudiced against Aberdeen people!]
