Dear Doctor Bousfield:

I thank you for your gracious consideration of me for the public health appointment at Tuskegee, Alabama.

However, since talking with you my future plans have been definitely influenced by a greatly increased practice and an excellent opportunity for service.

I am continuing my study in public health with an accredited post-graduate course at Post-Graduate Hospital in New York City. I am also actively participating in public health activities in my community on a voluntary basis.

Under these conditions, I do not believe it wise to change. Please accept my appreciation for your interest.

Sincerely yours,

*Alvah R. Jenkins M.D.*
