Special Field

Assistant Superintendent in Charge of High Schools
Atlanta, GeorgiaSecondary School
Administration

Plan of Work

It is my desire to make an intensive study of some of the outstanding public and private secondary schools of the British Isles and, if time permits, visit and study some of the leading experimental schools of France, Germany, Switzerland and Italy. In making a study of the European schools, I plan to find out how the secondary schools of Europe are organized, administered and supervised, and to discover progressive trends and practices which would be of value to schools in the southeastern section of the United States.

Duration of study nine months to begin October, 1938. Will return to present position.
