

GE AWARDS \$14,600 IN TEN FELLOWSHIPS

SCHENECTADY, N. Y., May 21 (AP)—The General Electric Company announced today the award of 10 fellowships worth \$14,600 to graduate students for advanced research work in American universities.

Five \$1,500 Gerard Swope Fellowships, awarded the first time, went to these:

Jack H. Brown of San Antonio, biochemistry, Rutgers; Stanley M. Howe of Muscatine, Iowa, business administration, Harvard; Gerald L. Landsman of Chicago, electrical engineering, and Gilbert P. Monet of Boston, industrial chemistry, both at Massachusetts Institute of Technology, and Gordon P. Partridge of Denver, electrical engineering, Yale.

The Charles A. Coffin Award winners were:

James R. Burnett of West Lafayette, Ind., \$1,100, electrical engineering, Purdue; Douglas L. Mather of Syracuse, \$1,500, electrical engineering M.I.T.; William E. Roake of Oregon City, Ore., \$1,500, physical chemistry, Northwestern; Conway W. Snyder of Redlands, Calif., \$1,500, nuclear physics, California Institute of Technology, and Howard A. Strobel of Bremerton, Wash., \$1,500, physical chemistry, Brown University.

FUND AIDS HEALTH STAFFS

\$278,400 Donated for Training by Polio Foundation

An appropriation of \$278,400 by the National Foundation for Infantile Paralysis for the training of public health personnel was announced yesterday by Dr. Thomas Parran, Surgeon General of the United States Public Health Service, and Basil O'Connor, president of the foundation. The funds supplement \$135,000 previously allotted.

Dr. Parran said that \$228,400 would provide fellowships for physicians and sanitary engineers, for whom there are 1,200 vacancies in State and local health departments. The rest will be spent under his direction for the training of health educators.

The grant brought to \$11,071,962 the total given by the foundation for research and education in the field of poliomyelitis since it was founded in 1938 by the late President Franklin D. Roosevelt.

P.-T.A. to Award Scholarships

THE Illinois Congress of Parents and Teachers has demonstrated its support of the statewide effort to relieve the shortage of school teachers with its latest contribution of funds to train qualified students for teaching posts.

Mrs. George E. Olson, state chairman of student aid and scholarships, announces that seven scholarships, \$200 each, will be awarded for study at the following schools: Eastern Illinois State Teachers College in Charleston; Northern Illinois State Teachers, De Kalb; Southern Illinois State Normal, Carbondale; Western Illinois State Teachers, Macomb; Chicago Teachers College, and the Illinois State Normal University at Normal.

The state congress is providing this special education fund in addition to its annual award of three scholarships to the University of Illinois.

Rhubarb Mold

Prepare according to direc-
tions on package:

*1 package orange-flavored
gelatin*

Turn into a loaf pan and chill
until firm. Combine and place
over very low heat:

1 cup stewed pink rhubarb

1/4 cup white corn sirup

2 tablespoons sugar

When sugar has dissolved, re-
move from heat and chill
thoroughly. To serve, place a
slice of gelatin on a slice of:

Plain leftover cake

and top with the rhubarb
sauce. Serve to six.

7 Scholarships Given Doctors By Eye Bank

Seven scholarships for the training of eye doctors in corneal grafting have been awarded by the Eye Bank for Sight Restoration, Inc.

Mrs. Henry Breckenridge, executive director of the Eye Bank, said the scholarships were created because the Bank frequently has been unable to find a doctor who could perform the operation when the corneal tissue was available.

Dr. Fred Saurer, chief refractionist at the Brooklyn Eye and Ear Hospital, and Dr. John A. Ceter of Albany, were among those who received the scholarships.

The Eye Bank also has created two fellowships for research in blindness resulting from corneal damage. Dr. Donald Hughson of Bellevue Hospital will use one at New York Medical School, and the other will be awarded later.

To Present Scholarship

THE American Daughters of Sweden will present their 15th University of Chicago scholarship award on Saturday to Evelyn Elma Johnson. The presentation will take place at the group's final luncheon of the season at the Swedish Club.

With the honor goes an award of \$420 for college expenses. The requirements for the winner are that the girl chosen be of Swedish descent and that she

Miss Johnson.

have one year's work in Swedish during her first year at the university.

Miss Johnson is a graduate of Amundsen High School in the February, 1946, class, valedictorian and president of the national honorary society. She is now attending Wright Junior College.

Mrs. Alma Swane, president, and Nellie Fredeen, scholarship chairman, have asked Dr. Gosta Franzen, professor of Scandinavian languages at the university, to make the award. Mrs. Helen Mary Heflin, student placement counselor at Amundsen High School, and the Rev. C. Leslie Strand will take part in the ceremony.

PI LAMBDA THETA AWARDS FOR 1945-46

PI LAMBDA THETA, national association for women in education, whose awards for research studies on "Professional Problems of Women" are announced in SCHOOL AND SOCIETY from year to year, is again offering two awards of \$400 each, to be granted on or before August 15, 1946, under the following stipulations:

An unpublished study may be submitted on any aspect of the professional problems and contributions of women, *either in education or in some other field. . . .*

No study granted an award shall become the property of Pi Lambda Theta, nor shall Pi Lambda Theta in any way restrict the subsequent publication of a study for which an award is granted, except that Pi Lambda Theta shall have the privilege of inserting an introductory statement in the printed form of any study for which an award is made.

A study may be submitted by any individual, whether or not engaged at present in educational work, or by any chapter or group of members of Pi Lambda Theta.

Three copies . . . of the completed research study shall be submitted to the Committee on Studies and Awards by July 1, 1946. . . . All inquiries should be addressed to the chairman of the committee, Bess Goodykoontz, U. S. Office of Education, Washington 25, D. C.

The awards are made from the Ella Victoria Dobbs Fellowship Fund.

allowed for the seven possible "reading periods" four winter and three summer periods, really beginning in the freshman year with an "off-campus reading period" (part of the course in freshman English) in which the student prepares a reading commentary on a subject of her choice.

HARVARD COLLEGE TO HAVE A LIBRARY BUILDING EXCLUSIVELY FOR UNDERGRADUATES

HARVARD College is to have a new undergraduate library building according to a recent statement by Paul H. Buck, provost, Harvard University. This new development has been made possible through a gift of \$1,500,000 from Thomas W. Lamont, of the class of 1892, New York banker, who gave the fund for construction "as an expression of his gratitude to Harvard for the experiences of his undergraduate years." The Harvard Fund Council has undertaken the task of raising another \$1,500,000 to provide for upkeep and endowment of the new library.

The undergraduate institution will relieve much of the strain on Widener Library, where research facilities will be correspondingly improved. Ground space required for construction is about one third of the space occupied by Widener Library. Keyes D. Metcalf, university librarian, believes that the new library should be ready for use by the fall of 1948. It is believed that this will be the first

7 Illinoisans Win Chemistry Awards

Seven Illinois residents were among 59 awarded fellowships, aggregating \$100,000, by the American Chemical Society permitting them to complete graduate studies at universities of their own choice, Dr. Bradley Dewey, president of the society, announced yesterday.

The fellowships were awarded to pre-doctoral students of chemistry and chemical engineering whose training was interrupted by the war.

The seven Illinoisans are Vaughn Engelhardt, 6011 Navarre av., Chicago; Milton L. Hoefle, Galva; Frank L. Holloway, Murphysboro; William R. Krigbaum, Galesburg; W. E. Spicer Jr., 5528 Hyde Park blvd., Chicago; Algerd F. Zavist, 4201 W. 48th st., Chicago, and Kenneth N. Kettenring, Glen Ellyn.

... today a few minutes
before President Truman was
asking Congress for legisla-
tion to outlaw strikes against
the government.

Settlement—on Mr. Truman's
terms—was reached just before
the 4 p.m. deadline set by the
President for Army operation of
trains to avert starvation and
complete industrial collapse.

Ordered Back at Once.

Striking engineers and trainmen
were ordered back to work at
once.

Peace came to the railroad in-
dustry 48 hours after members of
the brotherhoods of trainmen and
engineers walked out and plunged
the nation into the worst trans-
portation crisis in its history.

The two striking unions—the
only ones among the 20 railroad
brotherhoods to walk out—capitu-
lated to the President's terms after
Mr. Truman coldly ignored an
eleventh-hour compromise peace
offer.

Fellowships Created By Standard Oil Co.

With the object of advancing scientific research, 22 graduate fellowships distributed among 17 colleges and universities have been established by the Standard Oil Co., Dr. Robert E. Wilson, chair-

man of the board, announced yesterday.

Fellowships will be awarded to students working for a master's or doctor's degree, and will pay on an average \$1,500 a year. Holders will be under no obligation to the company, nor will the company claim rights to any patents resulting from the work, Dr. Wilson said.

Research Grants Given to Two Chicago Doctors

Two Chicagoans have been awarded \$3,350 fellowships by the National Research Council, acting on a \$100,000 grant from the National Foundation for Infantile Paralysis.

Eight other applicants received awards to finance their research in filtrable viruses, pediatrics and orthopedic surgery.

The Chicagoans are Dr. Peter L. Beal, 29, of 1345 Rosedale av., now a resident physician at the University of Chicago clinics and a former Army doctor; and Dr. John L. Heinen, 30, of 5748 Drexel av., a lieutenant-commander in the Navy medical corps.
