Chicago, Illinois

Dear Sirs:

I am a graduate of the University of Kansas in the field of Bacteriology and Public Health. I am qualified for clinical laboratory work and the phase of Public Health covering sanitation of the home and its surroundings.

Dr. Thomas Parran of the U. S. Public Health Department advised my writing and applying for service among my people in your department of Negro health.

Should you desire I will forward my credentials, recommendations, etc.

Thanking you for any advice or aid you might offer, I am

Respectfully,
Willard H. Smith
