

Friendship Com

March 17, 1942

Dear Mr. Still: Your two letters of March 11 and 14 have been received, and I want to express to you immediately the indebtedness we all feel for the thought and care you have put into the examination of the work of these six applicants. Your commentary was exactly what we were looking for - pitly, sympathetic, and comprehensible to the non-musician.

The Committee is having its first meeting this weekend, and the final meeting on April 9. I shall let you know what the ultimate decisions are.

I regret that, since sending you Ulysses Kay's material, I have received word that he is 1-A in the Draft, and will probably be inducted in the Army soon.

With appreciation and all best wishes,

Sincerely,

WCH:McK
