Again this year we are eager to find as many first-rate candidates for fellowships as possible. Since you are attending one of the leading graduate schools of the country, I wonder if you do not know some excellent young persons who would be good fellowship material. As I will be unable to visit as many universities as I should like before January 5, the closing date for the acceptance of applications, I am asking each of our Fellows now in school to act as an agent for the Fund in the next few weeks in helping us find promising candidates.

For your convenience in passing along information about our program I am enclosing a few announcements. We will appreciate any help you can give us.

Very truly yours,
