^(and the oil makes them)
 Okla. towns are fully for
 outside our definition of the old South -

He didn't have a distinguished
 record at Univ. of Okla. - and I
 think that means something as
 to the man's potential stature (though
 possibly not as to his ability to write

 promote a book + insert in an individual?
 Couch is been about his journal, which
 is much like "These are our lives" - but
 I was not keen about that.

Bracket also ^{is very} been about it
 So I rate him ^{(somehow) pretty highly}
