

Candidate

William Alfred Mason ✓
Asst. Clinician syphilis clinic; Clinician Int. Med.
Meharry Medical College, Nashville, Tenn.

Special Field
Public Health
(syphilis)

Plan of Work

My plan is to spend one year in the Harvard School of Public Health with special emphasis on syphilis, studying the modern clinic set-up, diagnostic methods, treatment, methods of recording findings, and methods of following up cases under treatment. After completing the work, I shall return to continue my work as Assistant Clinician in the syphilis clinics of Meharry.

Wishes to work for G.P.H. degree at Harvard School of Public Health, beginning Fall of 1938 for one school year.
