Dear Doctor Howard: After having held your recent communication for quite some time, I must now send you a disappointing reply. During the last few years the Fund has made a practice of giving postgraduate aid only to physicians who are being trained for some specific job in which the Fund has a particular interest. I regret that we cannot make an exception in your case. I sincerely hope that some other means will be found which will permit you to finish your work at Howard.

With very kindest regards,

Sincerely yours,

M. O. Bousfield, M.D.
