

Fellowships  
Directory

July 2, 1946

Dear Mr. Conquest: Although we are primarily trying to assemble information about industrial fellowships for use in a directory, so many requests for information come into our office that I am exceedingly interested in gathering all the data I possibly can. For that reason, I would be very grateful if you would supply me with a list of the fellowships which Armour & Company supports at various institutions.

Thank you very much for your continued cooperation.

Sincerely yours,  
WILLIAM C. HAYGOOD

WCH:RFL
