National Institute

An excellent candidate
 Among those proposing interestship
 in part service under National
 Institute I place him not
 quite equal to Top Bennett because
 (a) he is not so certain to go into
 public service (the training however
 would be valuable to him if
 he goes into teaching & research
 in political science)
 (b) He asks \$950 & Bennett's \$550
 and I'd like to try out this
 interestship on a modest basis
