Dear George:

I have had the feeling for a year or so that Mr. Embree was not at all keen to have me on your committee. If that's true then I don't want to serve. I have more than enough work to do without working for you. But if you all want me then I shall be willing to take it on again this year.

I shall accept your personal assurances on the point, or you may refer the matter to Mr. Embree, as you prefer.

If this is cleared up, I shall be available on the dates you suggested in your letter of January 24th.

Sincerely yours,

Henry Allen Moe
