

Negro Physicians
(Mizell)

April 13, 1940

Dear Mr. Weisiger: Your letter of April 11 concerning Dr. Von D. Mizell has been turned over to me for reply. I know Doctor Mizell and I have visited his hospital at Fort Lauderdale. Without any commitment on our part, I am sending an application blank for scholarship aid to Doctor Mizell. Upon its receipt, we will be in a better position to make a final decision.

I have heard so many nice things about your interest in colored physicians in Atlanta that I hope we can offer some assistance to one of your protégés.

Sincerely yours,

M. O. Bousfield, M.D.
