

Graduate Student, University of Virginia

History

Very interesting, a master teacher
His Jewish background seems not to
have interfered with his success and
popularity in the provincial atmosphere
of the old South -

Excellent send and excellent letters
Expects to go back into a Southern
Teachers College and will probably
do fine work

Education

I've been for this man for
two years - and still am.

Some of these times he and
I are going to slip him
by the Committee!

I don't think he's a genius
but he's damn good stuff
and a year away from the
pendulum of teaching would
do him worlds of good.
