Dear Dr. Bausfield:

I regret very much that it was impossible for me to see you when you were in Washington.

I was quite anxious to know if my experience partially equips me for the work in Alabama. If you feel that additional preparation will enable me to do this work, I shall be happy to accept.

Do you feel that this work will last for about four years? I ask this because of my frequent changes during the last fifteen months.

I am quite anxious to become a permanent member of some health organization and a community. Should my application be accepted, I shall do everything possible to make the work successful.

Very sincerely yours,

Lazarus M. Payne.
