

Fellowship Comm.

May 18, 1942

Dear Doctor Will: Thank you for your letter, which came today. Martin Knowlton, the young man in whom Lillian Smith was interested, has been caught by the draft, so his case does not need to be considered further. I have not heard from the other members of the Committee about Harry Green's extension, but hope they will be in agreement with you, since I feel that this is an awfully good case. Thank you for getting Gordon Parks' relation to Mr. Stryker's office worked out. I gave Parks your telephone number, and if he has not done so already, he probably will drop by your office to meet you.

Before he left for Canada Friday to attend Edwina's wedding, Mr. Embree asked me to write you for some inside information about the new Women's Division which the Army has set up. He thinks Catherine would be interested in attending the officers' training school, which, I understand, is to be in Iowa. In addition, Irma Cayton, Horace Cayton's wife, is very eager to be admitted to the training school, and both Mr. Embree and I are wondering if there are any wires that could be pulled in Washington.

Sincerely yours,

WILLIAM C. HAYGOOD
