Dear Dr. Bousfield.,

I received your letter while my last letter was still in transit to Chicago. The Harvard University commencement will be on the 24th. of June. We are planning to leave Boston on June 26th. and proceeding to Atlantic City will remain there for a couple of days to see my mother and wind up my business affairs. This arrangement will permit me to be in Washington on the 30th. of June or the 1st. of July. I am writing to Dr. Vonderlehr, and Dr. Waller to that effect requesting an appointment at that time. The country below Washington is unfamiliar to me but with a couple of stops I believe that I can arrive in Tuskegee on the 5th. or 6th of July.

I am very anxious to arrive in Tuskegee so that I trust that I will not be delayed. A conference with Dr. Vonderlehr and Dr. Waller will give me a good insight into the work that I am planning to do.

Thanking you for the consideration that you have shown me and hoping to give a good account of myself I am

Very truly yours,
William B. Perry
