Dear Mrs. Haygood:

In reply to your letter of October 1, 1945, in regard to Miss Madeline Gloria Finn, I would say that Miss Finn is one of the most outstanding young girls in our International Union here in St. Louis.

I would also like to add that Miss Finn was one of the first people in her plant to join the Union, and she also took a very active part in helping to organize her plant. She was elected as Shop Secretary in the first election held and she still holds that position. She is doing a very good job at present.

She is very active in our Union here in St. Louis which now has a membership of over 5000, and it is my opinion that in the future Miss Finn will probably be a member of our staff.

I will close hoping that this information will be valuable to you. I am,

Sincerely yours,

Philip Reichardt
