

Candidate **Thomas Aubrey Jeter** ✓

Special Field  
Agriculture Education

Director and Teacher of Agriculture, State College for  
Dover, Delaware Colored Students

Plan of Work

My plan of work is to study certain factors, peculiar to Delaware, to be considered in locating departments of vocational agriculture in the colored Junior High Schools of Delaware. The results of this study will be used in determining and setting up a definite program for vocational agriculture for Negroes in Delaware.

Wishes to work for M.S. degree at the Pennsylvania State College under Professor H. S. Brunner, beginning September, 1938 for the period of one semester. Can return to present position.

Digest of Application

Born April, 1898, Amelia, Virginia. Married, one child.

Obtained B.S. from Hampton Institute, 1929. The Pennsylvania State College Graduate School, summer sessions, twelve weeks, 1935-36.

- Agricultural teacher, Christiansburg Institute, Cambria, Virginia, 1921-24, \$800. Dairy Foreman, Hampton Institute, Hampton, Virginia, 1924-29, \$1200. Director & teacher of agriculture, State College for Colored Students, Dover, Delaware, 1929-37, \$2100.
