Dear Miss Elvidge:

In putting in my expense account for the Fellowship meeting in Washington on April 13th I shall have to note the somewhat unusual circumstance that in order to readjust my schedule so that I could get from Columbia, Missouri, to Washington it was necessary for me to make rather complicated use of plane travel, - which is somewhat in excess of railroad fare. I will come out approximately even on this if I make my expense item round trip plane fare from Nashville. The statement is enclosed.

Sincerely yours,

  
Charles S. Johnson
